Local Broker Reference	Loss Description (max. 1000 characters)
2015/3946	Mrs. Di Gregorio, through her lawyer, requested, with letter received by the Entity on 7/05/2015, compensation of the damages she had suffered as a result of a fall on 14/04/2015, on the road of the local market. In detail, Mrs. Di Gregorio maintains she fell due to a large hole in the road surface and suffered injuries to her left ankle and her right shoulder. The injured party underwent the relevant treatment and was subjected to a medical-legal examination to determine the sequelae deriving from the fall.
2015/4055	By letter received by the Comune di Genzano on 16/10/2014, Mrs. Albertini, through her lawyer, requested compensation for all damages suffered as a result of a fall on 2/08/2014. The Claimant maintains that due to the uneven pavement on the sidewalk of a road in the Comune, she fell heavily to the ground suffering personal injuries. She was taken to the A&E at the Genzano Hospital and subjected to the necessary examinations. The claim advanced by Mrs. Albertini has not yet been quantified.
2015/4157	By letter received from the Comune di Genzano on 10/06/2015, Mr. Giuseppe Saia and Biondi Giuseppina, through their lawyer, requested compensation for all the damages they suffered as a result of the accident they were involved in on 18/05/2015. The Claimants maintain that as they were riding on a motorbike on a municipal road, driven by Mr. Saia (Mrs. Biondi was the passenger), they fell heavily to the ground due to a hole in the road surface, suffering personal injuries and damages to the vehicle. At time of writing, the indemnity request advanced by the Claimants has not been quantified.
2015/4319	On 25/09/2015 the Claimant slipped on a step of a public school located in the Insured Public EntThe Claimant sued the Comune di Genzano before the Justice of the Peace in Velletri to demand compensation for the losses suffered as a result of the accident, seeking payment of EUR 5,000.00 plus legal expenses. As the claim is justified and to avoid further disbursements due to the civil proceeding, it was agreed with the Comune and the Claimant's lawyer that the matter would be settled amicably, with abandonment of the case before the Justice of the Peace, for EUR 4,500.00 (EUR 3,000 payable by the insured Comune and EUR 1,500.00 due by Underwriters).ity suffering personal injuries to the right foot with a 4% certified permanent disability.
2015/4333	On 02/06/2015 the Claimant was walking along a public Park near Palazzo Sforza Cesarini, located in Comune di Genzano, (the Insured Entity) when she slipped on an inadequately positioned rainwater drainage canal in said park, suffering personal injuries. Subsequently, the Claimant, requested compensation in an unspecified amount from the Local Broker. In support of the request the Claimant's lawyer attached copy of the Emergency Ward report and several photographs of the road on which the accident occurred.
2015/4435	By letter received on 27/04/2015, Avv. Sara Moretti, on behalf of Mrs. Jennifer Nicosanti, asked the insured Entity to pay compensation for the damage suffered by her client on 22/03/2015. Mrs. Nicosanti's lawyer maintains that, as she was walking down the stairs of the municipal sports hall, due to a hole in the steps in which her shoe heel got stuck, the Claimant fell heavily to the ground. She was taken to the A&E department of the Velletri Hospital for the necessary examinations and treatment. A few months later, Mrs. Nicosanti was declared to have recovered with sequellae estimated at 6%.
2015/4531	By letter of 24/06/2015, Mrs. Luciana Cioccarì, through her lawyer (Avv. Bartelli), asked the Comune di Genzano to pay compensation for all the damages suffered as a result of a fall on 24/05/2015. Mrs. Cioccarì maintains she tripped due to a hole in the municipal road in front of her home. As a result of her fall she lost consciousness and was taken immediately to the A&E department at the Albano Laziale Hospital, where the examining physician diagnosed a fracture in her right shoulder. The request for compensation has not yet been quantified.

2015/4989	By letter of 7/04/2015, Avv. Persia, on behalf of Mrs. Anna Boguslawka Wierzejska, asked the Comune di Genzano to pay compensation of losses suffered by his client as a result of a fall in the municipal territory on 24/03/2015. In particular, the injured party maintains she fell to the ground due to a deep hole in the road, next to the sidewalk. Following her fall, the next day, she went to the Albano Laziale Hospital where the tests performed revealed a sprained left ankle. On full recovery, the permanent injuries sustained by the damaged party (as confirmed by a medical examiner) were quantified in 4 disability points. The claim was quantified by the damaged party in EUR 9,099 plus medical expenses and lawyer's fees, but she declared she would be willing to accept the sum of EUR 8,000 to settle the matter.
	By letter received on 27/10/2015, Avv. Paolo Valentini, acting on behalf of Mr. Lido Mariani, asked the Comune di Genzano to pay compensation for the damages suffered by his client. In fact, the latter stated that on 12/07/2015, whilst riding his bicycle on a road located in the territory of Genzano, because of the uneven road surface, he lost control of his bicycle and fell to the ground suffering injuries, including fracture of the collarbone, multiple rib fractures and a pneumothorax. The bicycle also sustained damages quantified in EUR 928.90. At present, the amount of the claim requested for the injuries suffered by Mr. Mariani has not been specified.
2016/1860	Claim received by the insured Entity advanced by Mrs. Fioretti who alleged to have fallen while she was running, due to the unfinished pavement. The request for compensation has not yet been specified.
2016/3693	On 11/09/2014, the insured Entity received a request for compensation from Mr. Pasquale Cristiano who alleged to have fallen, on 26/08/2014, on a road in the Comune di Genzano due to an unmarked hole. As a result of this fall, the Claimant sprained his knee. By missive of 18/05/2016, the Comune denied any liability and thus refused to pay any reimbursement to the Claimant. The latter thus served the Comune, on 19/09/2016, with a Writ of Summons seeking compensation of EUR 5,915.00 plus legal expenses. We contacted the Claimant's lawyer who is willing to settle the dispute against payment of a total of EUR 2,500.
2016/4076	With letter received by the Comune di Genzano on 22/09/2016, Mrs. Borelli requested compensation for the losses suffered as a result of her fall on 12/02/2016, in Piazza Frasconi, in the Comune di Genzano. The Claimant reiterated her indemnity request with letter of 10/10/2016, sent by her lawyer, Avv. Iacobelli. The loss has not yet been quantified by the Claimant.
2016/2124	On 12/04/2016 the Claimant, Mrs. Cascapera, was walking through the Municipality of Genzano, the Insured Entity, when she fell to the ground due to a deep hole in the road, suffering personal injuries, in particular injury to the right shoulder and to the right knee. Subsequently, the Claimant requested compensation for damages suffered as a consequence of the accident. In support of her request, the Claimant attached copy of the medical records as well as copy of the Emergency Ward report and Medical report. The request for compensation has been quantified by the Doctor appointed by the Claimant, in his Medical Report, for EUR 12,776.08, which is certainly an excessive sum, considering the kind of damages suffered by the Claimant. In light of the above, in agreement with the Comune, we would suggest appointing a medical examiner to verify and quantify the damages suffered by Mrs. Cascapera. We would suggest appointing Dr. Fabrizio Amato, who for this type of case would request a maximum of EUR 1,000 for his services. 13/03/2017: We are waiting for Underwriters' authorisation in relation to such appointment. 19/04/2017: Uws have authorised the appointment of dr. Amato; we have informed the Claimant's lawyer

2016/934	<p>On 20/01/2016 the Claimant, Mrs. Agostinelli, was walking through the Municipality of Genzano, the Insured Entity, when she slipped on the road, due to the presence of ice on such road, suffering personal injuries, in particular fracture of her left wrist. On the basis of the technical Report sent by the Comune, it appears that the presence of ice on the road can be imputed to Acea ATO2 Spa, the company that deals with water's administration in the Genzano area. In light of the above, given that no liability can be imputed to the Insured Entity in relation to the accident that occurred to the Claimant, we recommend denying coverage on the above grounds, informing the Insured accordingly. On 04/04/2017 Uws agreed to reject the Claimant's request due to absence of liability on the part of the Entity. Informed the Broker accordingly and on 11/04/2017 informed the Claimant's lawyer. In October 2017, due to the absence of objections from the Claimant's lawyer to our rejection, proceeded to close the position. 21/02/2018: the Local Broker has informed us that the Entity was notified with an Invitation to Assisted Negotiation, together with Acea Ato2: the term to</p>
2016/4075	<p>On 05/07/2016 the Claimant, Mrs. Patrizia Martinelli, was walking through Genzano, the Insured Public Entity, when she fell into a deep hole present on the sidewalk, suffering personal injuries, in particular fracture of the fifth metatarsus. The Claimant's lawyer, Avv. Campagna, has sent a Default Notice to the Comune, requesting claiming damages for approximately EUR 10,000.00. 29/11/2016: we have requested the Insured Entity to confirm liability. Awaiting further information in order to verify quantification of damages suffered by the Claimant with her lawyer Avv. Campagna 05/04/2017: Uws agreed to settle the matter for EUR 4,200 (3,000 payable by the Entity and 1,200 due by Uws)</p>
2016/4722	<p>On 02/11/2015 the Claimant, Mrs. Anna Tucci, was walking through Genzano, the Insured Public Entity, when she fell into a hole present on the public road, suffering personal injuries, in particular fracture of the right wrist. Subsequently, the Claimant has requested compensation for damages suffered as a consequence of the accident. In support of her request, the Claimant has attached copy of the medical records as well as copy of the Emergency Ward report. The request for compensation has not been quantified in the notification of loss sent by the Claimant. We believe that no liability can be imputed to the Insured Public Entity in relation to the accident. In particular, we note that, on the basis of the documentation in our hands, it would appear that the hole in which the Claimant fell into was quite visible and the incident took place in the daytime and so we believe that there was no hidden danger. We have contacted the Insured Entity and the latter informed us that they agree with our evaluation in relation to the liability. In light of the above considerations, and given that for the reasons reported above no liability can be imputed to the Insured Entity in</p>
2016/4724	<p>On 29/05/2016 the Claimant, Mrs. Ida Galieti, was walking along the Municipality of Genzano, the Insured Entity, when she fell to the ground due to a lowered manhole, suffering personal injuries, in particular fracture of her left foot.</p>
2016/005211	<p>On 17/04/2015 the Claimant, Mr. Tommaso Nocera, a Civil Protection volunteer, whilst providing his services in the territory of the Comune di Genzano in the pruning of precarious trees in via Pozzo Bonello, suffered the partial amputation of his left arm. Subsequently, on 02/11/2015, the lawyer of Mr. Nocera, Avv. Affenita, sent a warning letter to the Comune and the Civil Protection Department, requesting compensation for the damages suffered without quantifying the amount. Crawford was informed of the claim on 21/12/2016. On the basis of the information in our hands, obtained after having contacted the Broker and Mr. Nocera's lawyer, we noted that the pruning of the trees in via Pozzo Bonello in the Comune di Genzano, to ensure the safety of the road, had been requested of the Civil Protection Department with Order no. 10797 of 14/04/2015 issued by the Genzano Mayor who requested the urgent intervention of pruning and/or felling of crumbling trees, considering the danger of the damage that could be caused to persons and/or property by the fall of branches and trees. Crawford then asked the insured Entity, through the Broker, to provide</p>

2016/000344	With letter received by the Comune di Genzano on 24/06/2015, Mrs. Crovato, through her lawyer, requested compensation for the loss suffered as a result of a fall on 9/06/2015 in the Comune di Genzano. The Claimant maintained that she had tripped because of the uneven and slippery road surface and fractured her nasal septum. The day after the fall, she went to the Emergency Ward of the Velletri Hospital and in the following days she was subjected to nose surgery at the San Camillo Hospital in Rome. At present, we do not know the amount of the indemnity claim.
	By letter received by the Comune di Genzano on 13/11/15, Avv. Silvia Macchi, on behalf of Mrs. Bazzucchi, claimed compensation for the damages suffered by her client. The Claimant stated that on 28/09/2015, whilst in the Comune di Genzano, she fell heavily to the ground tripping over a hole in the municipal parking lot. As a result of her injuries, Mrs. Bazzucchi went to the A&E where the examining physician diagnosed the presence of abrasions and fracture of the lower jaw. At present, the damages have not yet been quantified by the Claimant.
2015/5366	By letter received by the Comune di Genzano on 3/11/2015, Avv. Luigi Massaro, on behalf of Luigi Bianchini, father of the minor Diego Bianchini, asked the insured Entity to pay compensation for all the damages suffered by the minor as a result of a fall on the territory of the Municipality. The Claimant maintains he tripped over a hole that was not visible due to the poor illumination and because it was not marked in any way. Further to the fall, the minor went to the A&E department at the Albano Laziale hospital where the examining physician found he had suffered a fracture of the left arm, head trauma and various grazes. At present, the amount of the damages suffered by the Claimant has not been quantified.
2016/874	By letter dated 25/02/2015, Messrs. Alessandro Bernardi and Franco Bertucci asked the Comune di Genzano to arrange for payment of compensation for the damages sustained by their properties as a result of the infiltration of water from the road, presumably due to a leakage from a Municipal pipeline. This request for compensation was reiterated, on 30/12/2015, by their lawyer (Avv. Ercolino) who sent a cost estimate for the repairs of the damages to his clients' properties, due to the aforementioned causes. The total cost of the works amounts, for both Claimants, to EUR 11,850 (plus VAT).
	By letter received by the Comune di Genzano on 20/01/2016, the company Global Insurance Services Srl, in the name and on behalf of Mrs. Luisa Pisciarelli, asked the Entity to pay compensation for all damages suffered by the latter. It is maintained that Mrs. Pisciarelli, whilst walking on a municipal road, because of the uneven pavement, tripped, suffering fracture of the nasal septum and head trauma. She went to the A&E closest to the area of the accident and the local police of the Comune di Genzano intervened preparing a report in which they noted the unevenness that had caused Mrs. Pisciarelli's fall. The loss has not yet been quantified.
2016/1234	By letter received by the Comune di Genzano on 26/11/2015, Avv. Antonia Chieppa, on behalf of Mrs. Simonetta Cavaterra asked the insured Entity to pay compensation for all damages suffered by her client. The Claimant stated that she had fallen as she was walking on a pavement in the territory of the Comune di Genzano, tripping due to the irregular drop between the pavement and the road surface which the Claimant maintains is really dangerous. Mrs. Cavaterra suffered an injury to the left forearm and once she had recovered, she was subjected to a medical-legal examination which confirmed she had suffered sequellae in the amount of 7%, corresponding to a sum slightly over EUR 16,000.
	By letter dated 25/02/2015, Messrs. Alessandro Bernardi and Franco Bertucci asked the Comune di Genzano to arrange for payment of compensation for the damages sustained by their properties as a result of the infiltration of water from the road, presumably due to a leakage from a Municipal pipeline. This request for compensation was reiterated, on 30/12/2015, by their lawyer (Avv. Ercolino) who sent a cost estimate for the repairs of the damages to his clients' properties, due to the aforementioned causes. The total cost of the works amounts, for both Claimants, to EUR 11,850 (plus VAT).

2016/2163	By letter received by the Comune di Genzano on 4/06/2015, Mrs. Carla Farini, through her lawyer, requested compensation from the insured Entity for the damages suffered as a result of an accidental fall on 8/05/2015. In fact, the Claimant maintained that she had fallen in a hole covered by rainwater (and thus not visible) as she was walking on a pavement in the territory of the Comune. As a result of the fall Mrs. Farini suffered a shoulder fracture. She thus underwent various treatments that ended in December 2015. The medical examiner's report stated that the Claimant had suffered permanent damage in the amount of 16 disability points (which correspond to a loss quantification of about EUR 50,000, plus legal expenses). The Comune di Genzano, through their Loss adjuster, by letter dated 16/05/2016, denied any liability of the Entity for Mrs. Farini's accident.
2016/002671	On 13/06/2016 the insured Comune received a claim for compensation from Avv. Consoli who acted on behalf of Mrs. Maria Massimiani. The lawyer alleged that on 5/06/2016, while Mrs. Massimiani was in the elevator located in the Comune, she lost her balance and fell because of an abrupt acceleration. The loss of upright stability was also caused because the elevator cabin lacked handrails and grab bars. The Claimant suffered lower left limb fractures. The claim has not been quantified.
2016/1860	On 12/04/2016, the insured Comune received a claim for compensation from Avv. Sorrentino who acted on behalf of Mrs. Filomena Pisano. The lawyer alleged that on 1/03/2016, while walking along the municipal road dedicated to the local market Mrs. Pisano fell and fractured her hip. The claim for compensation has not been quantified.
2016/2672	On 30/05/2016 the Claimant, Mrs. Genoveva Valdez Velasco, sent a Warning Letter to the Insured Entity in relation to an incident occurred on 27/05/2016, while she was attending a public show in Piazza Fabrizi in the Municipality of Genzano (Insured), when she accidentally fell to the ground, stumbling on some loudspeakers' strings that were not visible to the crowd. Consequently, the Claimant suffered personal injuries, in particular contusion to her left knee. In support of her request, the Claimant has attached copy of the medical records as well as copy of the Emergency Ward report. The request for compensation has not been quantified in the notification of Loss sent by the Claimant. On 07/06/2016 the Entity informed the Broker of the matter, that it was initially handled by the Entity given that it seemed to be included in the deductible of EUR 3,000 (Policy provides that in this case the claim has to be handled directly by the Entity). Crawford was informed in February 2017. On 01/03/2017 we have sent Underwriters a short Report, in which we had stated that we did not believe that the Insured could be considered liable for the matter; in particular, we noted that in consideration of the dynamics of the accident and on the basis of the documentation
2017/10630	On 28/01/2017 the Claimant, Mr. Carlo Orsolini, aged 76 at the time of the event, while walking through the Municipality of Genzano, the Insured Entity, fell to the ground on a sidewalk, presumably due to the unevenness of the pavement and the alleged absence of public lighting, suffering injuries to his left eye, for which he was subsequently operated. On 04/02/2017, the Claimant, via his lawyer, requested compensation from the Insured for losses suffered as a consequence of the accident, in an unspecified amount. On the basis of the documentation sent by the Insured Entity and the Claimant's lawyer, it appears that the Entity may be considered liable, given that in a Report submitted recently, the Municipality stated that the executive design for revamping the section of the road where the accident occurred was under approval, thus implicitly admitting it was dangerous for the public. We would also advise that on 06/06/2017 the Claimant's lawyer sent a request for the appointment of our medical examiner to subject the Claimant to a visit. In light of the above, we had requested Underwriters to appoint a medical examiner to verify and quantify the

2016/3507	<p>On 15/06/2016 the Claimant, Mrs. Bruna Muscedere, was walking through Genzano, the Insured Public Entity, when, while crossing the road, she fell into a hole, suffering personal injuries, in particular fracture of radius and sprain of the right ankle. Subsequently, on 11/07/2016 the Claimant's lawyer has requested compensation for damages suffered by his client as a consequence of the accident. In support of his request, the Claimant's lawyer has attached copy of the medical records as well as copy of the Emergency Ward report. The request for compensation has not been quantified in the notification of loss sent by the Claimant's lawyer. We believe that no liability can be imputed to the Insured Public Entity in relation to the accident. In particular, we note that, on the basis of the documentation in our hands, it would appear that the hole in which the Claimant fell into was visible and the incident took place in the daytime (17 PM) in June and so we believe that there was no hidden danger. In light of the above considerations, and given that for the reasons reported above no liability can be imputed to the Insured Entity in relation to the accident involving</p>
2017/10864	<p>On 09/02/2017 the Claimant, Mrs. Caterina Gatta, while standing in front of the school Pascoli in the Municipality of Genzano, the Insured Entity, fell to the ground, suffering personal injuries, in particular fracture of the radius. Subsequently, the Claimant has requested compensation for damages suffered as a consequence of the accident, in an unspecified amount. In support of her request, the Claimant has attached copy of the medical records as well as copy of the Emergency Ward report. 10/04/2017: On the basis of the documentation and photographs sent by the Insured Entity and the Claimant's Lawyer, it would appear that the pavement on which the incident occurred is in good conditions and the Insured Entity had not received any notifications concerning the bad conditions of the road. In light of the above, it does not seem that the Entity can be held liable in this case. We would therefore have requested Uws' authorisation to reject the indemnity request advanced by the Claimant. Following our rejection, on 13/06/2017 the Claimant's lawyer has challenged our denial, stating that we should have appointed an expert in order to verify the</p>
2017/11168	<p>On 18/03/2017 the Claimant, Mrs. Eleonora Ducci, was walking through the Genzano Public Gardens when she fell to the ground due to a hole/manhole presumably hidden in the pavement by leaves. Following this incident Mrs. Ducci went to the Hospital on 20/03/2017 when she was diagnosed with fracture of her right kneecap. Her lawyer wrote to the Insured Entity on 31/03/2017 in order to request reimbursement of damages suffered, in a not specified amount. 12/05/2017: On the basis of the documentation sent by the Claimant's Lawyer, the pavement does not seem to be in bad conditions; the Insured Entity has also confirmed that they have never received warnings in this regard. In light of the above, it does not seem that the Entity can be held liable in this case. We have therefore requested Uws' authorisation to reject the indemnity request advanced by the Claimant. 20/06/2017: Uws has autorished us to reject the Claimant's request. We have informed the CLaimant's lawyer accordingly. 07/07/2017: the Insured Entity, via the Local Broker, has informed us of the notification of the Assisted Negotiation within 3 August. We have informed Avv. Cesareo and asked him his draft of invoice in order to update Uws and ask their authorisation in relation</p>
2017/11759	<p>On 15/05/2017 the Insured Entity has received a warning letter from the Claimant's lawyer in relation to the incident occurred on 05/05/2017 to Ms. Di Meo (underage). In particular, Ms. Di Meo was driving a minicar through the Municipality of Genzano when, presumably due to the bad conditions of the road, she lost the car's control and banged against the curb of the sidewalk and then against a wall, causing damage to the car. The Insured Entity informed the Local Broker of the claim on 25/05/2017. 30/06/2017: we have informed the Local Broker of our considerations relating the Policy Liability and the denial. Await reply in order to confirm denial of coverage. February 2018: we have reopened the position following the Local Broker's objections to our denial.</p>

2017/010340	<p>On 13/01/2017 the Claimant, Mr. Giulio Castrogiovanni, while walking on a sidewalk in the Municipality of Genzano, the Insured Entity, fell to the ground, presumably due to the unevenness of the surface, suffering personal injuries, in particular he was diagnosed with sprain of the left ankle and right knee. On 17/01/2017 the Claimant's lawyer sent the first request for compensation to the Entity, with no response. On 21/08/2017 the Local Broker was informed of the matter by Opera Servizi (Entity's loss adjuster). Crawford was informed of the matter on 24/08/2017. On the basis of the documentation sent by the Claimant's lawyer, it was not clear if the Insured Entity could be considered liable. Despite our several chasers to the Entity, via the Local Broker, we did not have any information in this regard. At the same time, the Claimant's lawyer was chasing us in relation to the appointment of a medical expert. The Local Broker suggested us to appoint an expert in order to examine the Claimant. We informed Underwriters accordingly on 07/11/2017, suggesting to await further information in relation to the Entity's liability and subsequently decide whether to appoint a</p>
2017/12537	<p>On 04/07/2017 the Insured Entity received a Warning Letter from the Claimant's lawyer, stating that on 29/05/2017 Mrs. Chiarella, while walking on a ramp in the sidewalk in the Municipality of Genzano, slipped away and fell to the ground, suffering personal injuries. She was subsequently carried to the Hospital, where she was diagnosed with fracture of right malleolus. The Claimant's lawyer did not quantify his requests. On 24/07/2017 the Insured Entity informed the Local Broker of the matter. We have been informed on 12/12/2017. From the documentation in our hands, the sidewalk on which the Claimant fell does not appear in bad conditions. Moreover, from a report sent by the Local Police, it appears that they did not receive any warning relating the reinstatement of the sidewalk in that point. In light of the above, the Entity does not seem to be liable for the incident occurred to the Claimant and thus we would appreciate Underwriters' authorisation to reject the Claimant's requests. 18/01/2018: following Uws' consent, sent email to the Claimant's lawyer in order to inform about the reasons for which we have rejected his request for compensation. In</p>
2018/002141	<p>On 10/05/2018 the Municipality of Genzano (the Insured Entity) informed the Broker of an Invitation to Assisted Negotiation received by the Claimant's lawyer on 30/04/2018. The request is related to an incident occurred to the Claimant, Mr. Antonio Siesti, on 17/01/2016 when, while driving in the Municipality of Ariccia (in the Lazio Region), he lost his car's control due to ice on the road, causing serious damages to his car, evaluated at about EUR 6,000. Following further verifications, it appeared that the road in which the incident occurred is owned by Provincia di Roma. However, the Provincia di Roma's Insurer (Unipolsai) has stated that the Provincia is not liable, as the liability is to be imputed to Acea. On 11/05/2018 Crawford was informed of the matter. We have requested the Local Broker to provide us with further documentation, given that the Insured Entity does not seem to be liable for this matter and in order to verify if the Invitation to Assisted Negotiation is the first request received by the Insured from the Claimant or if they received previous requests relating the matter. On 16/05/2018 the Local Broker has informed us that the first request</p>
2017/013543	<p>On 04/09/2017 the Claimant, Mrs. Patrizia Filippi, age 64 at the time of the incident, while walking through the municipal cemetery located in Genzano, the Insured Entity, fell to the ground, presumably due to a little step behind her, suffering personal injuries, in particular a displaced fracture of her right femur, as documented in the Emergency Room report. Subsequently, on 07/10/2017 the Claimant sent a Warning Letter to the Insured Entity, requesting the reimbursement of the damages suffered, in an unspecified amount. On 13/11/2018 Crawford was informed of the matter by the Local Broker. From the documents in our hands, it appears that the Insured Entity's adjuster, Opera Servizi, which managed the matter so far, has verified that the request of reimbursement could exceed the deductible of EUR 3,000 provided by the Policy. 14/11/2018: we have requested the Local Broker to 1) confirm that Policy No. 10397870B has been extended to 31/10/2017 in order to confirm coverage; 2) to provide us with docs that could prove that the Claimant's request exceeds the deductible of EUR 3,000; 3) if the Entity could provide us with further docs relating to the</p>
